What if my income doesn't match the numbers on the chart exactly?

Your income can be *up* to, but *not more* than the maximum amount listed in an Award Tier. If your income exceeds the amount listed, go to the next column to find your Award Tier.

Example:

People in household = 4

Household Income 2024 = \$75,000

Award Tier = Award Tier 2 Income exceeds the maximum required for a four-person household in Tier 1
